

## Other facilities and amenities

### Wi-Fi

Wired internet access points and wireless internet are provided in each room for all residents who have agreed to the Internet Acceptable Use Policy. Since the Wi-Fi is shared by many people in the house, consideration for others is required during peak times.

### Laundry machines

One coin-operated washing and drying machine in each building.

Bed linen is supplied (duvet, duvet cover, pillow, pillow case, sheet) and laundered for you.

### Recreation

There are TV lounges in both buildings, each with TV and DVD player. We can watch freeview channels (using NOOC's TV Licence) but we do not subscribe to satellite or cable television.

The 107 TV Lounge has a smart TV (connects to the internet).

There is a table tennis table and a piano in the TV lounge at 117.

There is a keyboard and a guitar in the TV lounge at 107.

Daily English newspapers, and a selection of periodicals, are available in the main dining rooms in both buildings.

### Cleaning

Public areas are cleaned every day (apart from Sundays).

All rooms and flats are cleaned once every fortnight.

### Emergency Cover

24-hour emergency cover is provided by a small team of duty wardens who live at the Centre. They can be contacted at any time by telephone and will meet new residents who arrive outside normal office hours (Monday to Friday 8.30am to 5pm).

### NOOC Does NOT Provide

- A television licence for residents' rooms. If you use a television, computer or any other device to receive / download / stream live television programmes in your room you must purchase your own individual television licence (<https://www.tvlicensing.co.uk/>).
- Telephone lines in each room.
- Any meals.
- Childcare or nursery facilities.
- Towels.
- Computer facilities except for the use of a printer during office hours.
